TLBCIS reserves the right to take corrective action against the Customer upon notification to TLBCIS of unacceptable activities by the Customer on other networks. The Customer is prohibited from using the services of another provider to engage in or facilitate any activity that violates this Acceptable Use Policy.

Legal Authority

The Customer represents and warrants that they have reached the age of 18 and that they possess the legal right and ability to enter into this agreement and use the service in accordance with the agreement.

Bandwidth Usage Rules

TLBCIS Standard Residential Plan allows 40GB/month.

Your monthly usage is calculated based on a total of your upload and download usage. A surcharge is applied to all users exceeding the bandwidth/network traffic amount specified for their service plan. This surcharge applies to all plans. The Customer will be charged \$1.50/GB used in excess of their monthly allowance as specified in their service contract. It is the Customer's responsibility to be aware of and monitor their monthly usage. The Customer must not exceed any agreed upon limits, or restrictions of any kind on the use of any services (including, without limitation, disk usage, bandwidth usage or data transfer quotas).

In addition the Customer must ensure that their activity while using the TLBCIS services does not improperly restrict, inhibit or degrade any other Customer's use of the services, nor represent (in the sole judgment of the TLBCIS directors) an unusually large burden on the network itself, such as, but not limited to, peer to peer file sharing programs, serving streaming video or audio, and multi-user interactive forums.

If the Customer wishes to report a breach of this Acceptable Use Policy by another TLBCIS Customer, please email abuse@troutlakebc.net with full details including full headers of emails where relevant.

Non-payment of Account

Payment is due in advance. Non-payment constitutes cause for interruption of service. A Customer will be notified that their account is in arrears within 72 hrs by TLBCIS directors. The Customer will then have 5 days to remit their payment after which if payment is not received their internet service will be suspended. At this point reactivation of service will not happen until full payment of arrears has been received by the TLBCIS Treasurer plus a reactivation fee of \$50.00 - then a TLBCIS technician will reactivate the Customer's service. The reactivation fee must be paid before service is reactivated.

Monthly Customers will be allowed 1 free reactivation per calendar year provided 72 hours' notice has been given prior to requested start-up time. A second re-connect fee in a single calendar year is \$20.00
